

Deca Technologies

Environment, Health, and Safety Policy

We will provide a safe and healthy environment to protect the well-being of our employees, suppliers, visitors, and local community to ensure business continuity.

Deca Technologies complies with all applicable national, international, statutory, and other requirements.

We are fully committed to pollution prevention through continuous improvement of our environmental, health, and safety management system performance driven by periodic reviews.

Our policy is communicated and made available to employees, customers, contractors, and the general public.
